

APPENDIX "I"

CITY OF SULLIVAN

**APPLICATION FOR WIRING PERMIT
UNDERGROUND ELECTRIC SERVICE**

The City of Sullivan Electric Department will, at customer request, provide materials and installation for underground residential service to existing or new homes. The installation includes, but is not limited to, the mounting of the meter socket and the installation of secondary cable to the transformer or secondary pedestal. The location of the meter socket will be decided on by the parties involved. Installation of an outdoor disconnect is required. The Electric Department will not be responsible for the connections on the customer side of the meter socket.

The Electric Department will maintain and repair, at no charge, any problems which may occur with the service cable for a period of **fifteen (15) years** from date of installation. After this time the property owner will assume full financial responsibility for the repair.

The customer must give the Electric Department **thirty (30) days'** notice prior to when final electrical service is needed.

Material and installation costs will be reviewed periodically. The Electric Department reserves the right to adjust its charges at any time. The current cost of wire is \$3.00 per foot.

A fee for the meter socket and disconnect, and an inspection fee are due now. An invoice will be mailed at the completion of underground electric service installation for the footage of wiring. I understand that failure to pay the invoice for electric wire installation within 30 days of receipt of will result in the disconnection of utilities, and a lien may be filed against said real estate.

Flat fee for Meter Socket and Disconnect	\$150.00
Inspection Fee	<u>30.00</u>
Total Due at time of Wiring Permit	\$180.00

Easements Required: I, the property owner, shall give easements and right-of-ways where service lines are laid on my private property. An easement shall be granted providing for the installation and maintenance of the proposed service lines, to be installed and maintained by the City and for the extension along or across such property for making other service connections from the same line, or to allow access for the purpose of construction, repair, maintenance, relocation or expansion of the electric, gas, water and sewer systems.
